THE COLLECTION

Fabrics for made-to-measure roller blinds

Luxiveil is the export brand of Gökcan Home Tekstil, a manufacturer of blinds and curtain systems in Antalya, Türkiye, producing since 1994. Every blind is cut, assembled and fitted with its operating mechanism in our own workshop, to the exact size of each window.

This catalogue presents two groups of roller blind fabrics: the **Roller Collection**, plain and textured fabrics for everyday light and privacy control, and the **Sheer Collection**, light-filtering sheers with plain and patterned designs. Every fabric can be supplied as a manual or motorised roller blind.
