THE COLLECTION

Fabrics for made-to-measure roller blinds

Luxiveil is the export brand of Gökcan Home Tekstil, a manufacturer of blinds and curtain systems in Antalya, Türkiye, producing since 1994. Every blind is cut, assembled and fitted with its operating mechanism in our own workshop, to the exact size of each window.

This catalogue presents two groups of roller blind fabrics: the **Textured Collection**, heavier bouclé, rib and jacquard weaves with a strong surface, and the **Linen & Jacquard Collection**, linen-look and patterned fabrics in calm neutral tones. Every fabric can be supplied as a manual or motorised roller blind.
