THE COLLECTION

Fabrics for made-to-measure zebra blinds

Luxiveil is the export brand of Gökcan Home Tekstil, a manufacturer of blinds and curtain systems in Antalya, Türkiye, producing since 1994. Every blind is cut, assembled and fitted with its operating mechanism in our own workshop, to the exact size of each window.

Zebra blinds, also called day & night blinds, alternate solid and sheer bands. Sliding the bands over each other moves the blind from soft filtered light to privacy without raising it. This catalogue groups our zebra fabrics into **Pleated & Gradient**, **Linen & Melange**, **Dense & Patterned** and **More Designs**. Every fabric can be supplied as a manual or motorised zebra blind.
